

Corporate Governance

Statement of compliance with the UK Corporate Governance Code

Compliance with UK Corporate Governance Code

From the date of the Group's Initial Public Offering in May 2016, the Directors have generally adopted the principles and provisions of the 2018 UK Corporate Governance Code (the "Code"). The only areas of non-compliance are currently (i) the Directors' Remuneration Report which has been prepared in accordance with AIM Rule 19, (ii) provision 11 of the Code which relates to the proportion of non-executive directors whom the Board considers to be independent and (iii) the fact that the Interim Chair of the Board is non-independent.

This report sets out in broad terms how we currently comply with the Code. We will provide updates as things change. A full version of the Code is available from the Financial Reporting Council website at www.frc.org.uk.

There is a clear division of responsibilities at the head of the company, between the Board and the Executive Committee with no individual having unfettered power.

A.3 The Chairman

The Chairman is mainly responsible for the leadership of the Board and ensuring its effectiveness on all aspects of its role. His duties include ensuring that all Directors receive sufficient relevant information on financial, business and corporate issues prior to meetings. The Chairman regularly reviews the contents of the information pack sent out prior to Board meetings in order to ensure that important issues are prioritised and each pack is kept to a manageable size.

A.4 Non-executive directors

Sheryl Lawrence is our Senior Independent Director. Meetings of the non-executive directors without the executive directors being present are held at least annually, both with and without the Chairman.

B. Effectiveness

B.1 Composition of the Board

The Board currently comprises:

- The Interim Chair (non-independent), Steve Curtis
- two independent non-executive directors, Sheryl Lawrence (also Deputy Chair and Senior Independent Director) and Terry Baxter
- one non-executive director who is not considered to be independent. Peter Ward has been appointed a non-executive director by major shareholder Hay Wain Group Limited, and
- Two executive directors, Gary Marshall (CEO) and Graeme Campbell (CFO).

B.2 Appointments to the Board

The Nominations Committee leads the process for the appointment of new directors to the Board. For more information on the process, please see the terms of reference for the Nominations Committee.

B.3 Commitment

As part of the evaluation process the Board is satisfied that each of the directors is able to allocate sufficient time to the Company to discharge their responsibilities effectively. This is demonstrated by the near 100% attendance at Board meetings during FY20, FY21 and FY22.

B.4 Development

The Board also ensures that Directors receive relevant training upon appointment and then subsequently as appropriate. During the couple of years, Directors have received specific briefings on corporate governance, the General Data Protection Regulations (GDPR) and the Senior Management & Certification Regime that are highly relevant to the business.

B.5 Information and support

There is a regular flow of information to the Board to keep directors up to date with the business. The Company Secretary attends all Board meetings and is responsible for advising the Board on corporate governance matters and for facilitating the flow of information to and from the Board. In addition, the Board and Committees have access to independent advice at the Company's expense.

B.6 Evaluation

Our CEO is appraised every six months by the Chairman. During each year as an AIM-listed company, the Chairman has undertaken a formal internal Board evaluation. The 2021 evaluation concluded that the Group has a Board that is engaged, has a wide variety of relevant experience, and is focused on outcomes – for customers, investors, employees, self-employed agents and other stakeholders. The Board operates on a unitary basis, and we value the views of the Executive Management team whose members attend some Board meetings to provide specialist knowledge and experience. The Chairman's performance is evaluated by the Non-Executive Directors, led by the Senior Independent Director, Sheryl Lawrence, with input from the Executive Team.

B.7 Re – election

Following the recommendation of the July 2018 UK Corporate Governance Code, all directors seek election or re-election annually.

C. Accountability

C.1 Financial and business reporting

As set out in the Board's statement on the Annual Report 2022, page 82, the directors consider that the report taken as a whole is fair, balanced and understandable. See pages 84 to 96 of the Annual Report 2022 for the Independent Auditors' report. Pages 3 to 19 of the Annual Report 2022 contain an explanation of the Company's business model and strategy.

D. Remuneration

The Remuneration Committee's activities during the previous reporting period are set out on pages 72 to 76 of the Annual Report 2022.

E. Relations with shareholders

The Group communicates with institutional and private investors and responds quickly to all queries received verbally or in writing. All shareholders will have at least 20 working days' notice of the Annual General Meeting (AGM) at which all Directors are historically present and available for questions. The Board is aware of the importance of maintaining close relations with investors and analysts for the Group's market rating. Twice-yearly road shows have been conducted by the CEO and CFO when the performance and future strategy of the Group are discussed with larger shareholders. During the last couple of years, these have been done remotely. Queries from all shareholders are dealt with promptly by the CFO.

In addition, members of the Board receive regular feedback from major shareholders and discuss this at Board meetings. The CEO and CFO met more than 85% of investors (by shareholding) during the year.

The Chairman and the Senior Independent Director are also named and available, should an investor wish to express any views to them.

The Group's successful engagement with its shareholders during the year and at the time of the AGM can be demonstrated by the fact that shareholders holding more than 82% of its shares participated in the 2021 AGM.
